

4<sup>th</sup> October 2016

**Reference: Bob Hick Earthmoving**

To Whom it May Concern

I am the Senior Development Manager for Kensington Park and as such am responsible for the land development and infrastructure required for the housing estate.

I have no hesitation to highly recommend the services of Bob Hick Earthmoving in the field of Earthworks and Retaining walls.

Bob Hick Earthmoving has been engaged on 4 previous contracts at Kensington Park and is currently engaged on the 5<sup>th</sup> contract.

The attributes that I would highlight are;

- Willingness to mobilise sufficient machinery to complete the job in a timely manner
- A casual, accommodating and very competent manner from Bob Hick and Jake Russell
- A wealth of experienced advice (if required) available from Bob Hick
- An honest, straight forward approach to Contracting and chargeouts.

All jobs have been undertaken in a timely manner with the site left stabilised and tidy.

Dan Ogle  
Senior Development Manager  
Kensington Park Holdings Limited
